High Brightness

Fast Installation

Easy Maintenance

 ATLAS-X series is a high-performance and easy-to-install LED display product for outdoor rental applications.

This series has a rear folding frame and a quick installation system, with strong wind resistance and operational stability. It is an ideal display solution for live events such as concerts, sports events, and carnivals. Each of the cabinets are equipped with a hanging bracket and position pins to facilitate the quick hanging installation of the screen.

Moreover, it supports front and rear maintenance, as its independent power and data units can be disassembled and replaced handily.
