# PRG Kabuki Systems Gerriets

KABUKI G2 is the Gerriets system for reliably dropping any type of curtain in a fraction of a second. The newly developed, electronically controlled, and extremely quick KABUKI G2 system allows load ratings up to 22 lbs. per release unit. That means 100 % higher load ratings than previous systems. A LED integrated into the bottom of the release unit is now standard. This added feature gives a visual confirmation from below that the unit is ready to be fired.

## Features

- Reliable and Fast Within a Fraction of a Second
- Higher Load Ratings
- LED Integrated Release Units Ensure Fast Deployment Every Time
